DOH-CITRUS HOSTS DRIVE-THRU COVID-19 VACCINATION CLINIC FOR FRONTLINE HEALTH CARE WORKERS

CONTACT:

Audrey Stasko, Public Information Officer
CitrusCommunications@FLHealth.gov
352-527-0068

The Florida Department of Health in Citrus County (DOH-Citrus) will be offering COVID-19 vaccines to Citrus County health care personnel with direct patient contact at a drive-thru clinic from 11 a.m. to 1 p.m., or until capacity of 200 is reached, on Monday, March 8, at the Central Ridge District Park, 6905 N. Lecanto Hwy in Beverly Hills.

In order to receive a vaccine, frontline health care workers must bring proof of employment. The following list will be accepted as proof:

- Health care license
- ID badge from place of health care employment
- Name and position description on agency letterhead
- Recent copy of paystubs

Additionally, each health care worker must bring a valid Florida ID and a completed [Department of Health COVID-19 Vaccine Screening and Consent](#), and plan to be in Citrus County to receive their second-round shot, 28 days after their first dose.

Health care workers will receive a COVID-19 Vaccination Record Card that lists the date and the manufacturer for the first vaccination, as well as a date and time to come back for their second dose appointment at Central Ridge District Park. Health care workers must keep and bring the COVID-19 Vaccination Record Card to their second dose appointments to receive their second dose from DOH-Citrus.

Only the Moderna vaccine will be given at this time. Prior to receiving the vaccine, individuals will be required to complete the [Department of Health COVID-19 Vaccine Screening and Consent](#). To expedite the registration process, health care workers are asked to print and complete the consent form prior to arriving at the site.

Consent forms are available on the DOH-Citrus website at <http://citrus.floridahealth.gov/programs-and-services/infectious-disease->
